

Following two years of uncertainty and multiple lockdowns which saw many members of our fellowship alone and isolated, Southdown Intergroup would like to invite all our wonderful members to celebrate with a “summer picnic in the park.”. The invite extends to all members’ friends and families

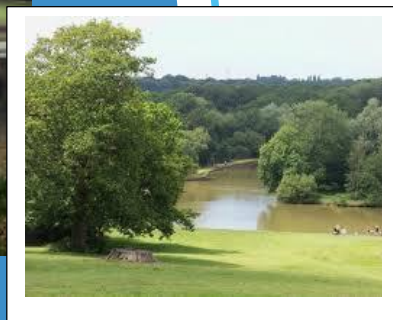

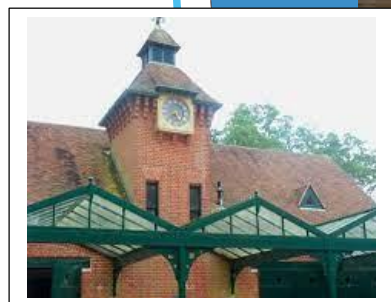

- to reunite us and to remind us that our strength and success lies in our Unity.

As family members are included and this is an open invitation, we will not advertise the nature of this event on the day and we encourage you all to protect each other's anonymity. As such, we ask that photos are not taken which includes any member of the fellowship without their prior consent.
