New and Existing 12 Stepper List

The 12 Stepper list should be updated every intergroup meeting. Only 1 missed or blank return is allowed and if 2 consecutive returns are missed or you write "None" across the section or cross it out then any existing list will be cleared. Please **complete in full** each time and check existing 12 steppers actually **WANT** to continue.

NB. Wording such as "No change" or "As before" will be ignored and treated as a blank return.
